MEMORANDUM FOR: Executive Director

FROM: James N. Glerum
Director of Personnel

SUBJECT: Follow-on Assignments for Officers Attending
Senior Schools

REFERENCE: Executive Director memo to Heads of Career Service,
dated 12 November 1982, Same Subject

1. As prescribed in the reference memo, this is my first annual report to you on the status of Career Service follow-on assignments for officers attending senior schools. The Office of Personnel has received status reports from each of the Career Services and the following Career Service assignment planning actions have been accomplished for those officers completing senior schools within the current fiscal year. A detailed list of officers attending senior schools and planned assignments is attached.

- a) DCI Area (E Career Service)
As you are aware, assignment plans have not been finalized for the officer who will complete Foreign Service Institute training.
- b) DDA (M Career Service)
All three of their officers, currently enrolled in the National, Navy and Army War Colleges, have been programmed for specific assignments upon June 1983 completion of their training.
- c) DDS&T (R Career Service)
The Directorate of Science and Technology has two officers completing senior schools in June 1983. One officer will serve a one-year rotational assignment with another Government agency while the second officer has been tentatively selected for several different S&T assignments.
- d) DDO (D Career Service)
Four DO officers will complete senior school attendance within the next 60 days. We are advised that follow-on assignments are currently under review and that one of these assignments will be rotational in nature and is currently being negotiated with the host Career Service.

e) DDI (I Career Service)

Seven DDI officers will complete senior schools within the next 60 days and we are advised that assignment plans have been completed for each of these officers.

2. This office will continue to monitor the status of follow-on assignments for officers attending senior schools, and will keep you informed of any potential problem areas. It should be kept in mind, however, that shifts in Career Service priorities, individual extenuating circumstances impacting on the proverbial "daisy chain" and other factors do not always permit an orderly assignment planning process.
